Dear Sirs: I am anxious to see the case against Microsoft settled in a manner that is fair to all parties, and does not infringe upon Microsoft's freedom to innovate, to make creative use of a free market to aggressively market its widely used and superior products to the world. I feel that a quick and fair settlement to this case is in the best interest of the consumers and the economy of our country.

Thank you for giving me this opportunity to express my opinion.

Sincerely,

David Watkins
